MEASUREMENT INSTRUCTIONS

Measure inside box length in inches by holding tape measure as shown in the diagram. Match this dimension to the closest inside box length shown on our application guide for the model and year of your truck.

NOTE: Always make sure to provide accurate box measurement, make, model and year of truck when ordering cover.

Examples:
- **ES**: Mida desde el interior de la caja hasta el lado interior de la puerta del área de carga.
- **FR**: Mesurer de la face interne de la caisse à la face interne du panneau arrière.
