WeatherTech® ensures our customers have the highest quality products as well as the systems necessary to continually exceed expectations in every regard.
Today, America needs fresh leadership to lead us as a nation out of this economic crisis. Leadership must come not only from our political leaders but also from the average citizen. The exporting of American jobs is a trend that must be stopped and reversed. When I walk into my local hardware store, I typically find 85% of the goods for sale are manufactured 7,000 miles away. Recognizable American brands have been forced by shortsighted management and buyers at large national chains to build factories overseas just to save a lousy $.50 on a tape measure. To these ruthless buyers, it is all about the money. Rarely are product quality, the political system, human rights, animal rights and environmental costs to the planet considered, not to mention the cost to our society of exporting not only jobs, but an entire factory!

At MacNeil Automotive, we are doing our part for the American economy and for our 300 million fellow citizens and neighbors. My philosophy is that if my neighbor doesn't have a job, sooner or later I won't have a job either. For example, we used to have our All-Weather Floor Mats manufactured in England by a company that used antiquated, inefficient equipment. They made a decent floor mat for us, but we thought we could build a better floor mat for our customers using modern American technology, American raw materials and skilled American workers. So in 2007 we transferred all of our floor mat manufacturing back to the United States. Today, we build the best fitting, highest quality automotive floor mats in the world, right here in America.

Our machine shop is equipped with 30 CNC machining centers including four 4 axis mills and two 5 axis mill that produce between 30 to 50 injection and thermoforming molds per month. We have one shift of highly skilled American Journeymen, toolmakers and apprentices, but our machines run 24 hours a day, 7 days a week. There is not a more efficient tool and mold making operation in the world - and guess what, it's right here in America.

Furthermore, most of our CNC mills are manufactured in Oxnard, CA by Haas. Our 1,000 ton injection molding machines are made in Bolton, Ontario of American and Canadian components. Our thermoforming machinery is made in Carol Stream, IL. The raw steel and aluminum billets which make up our tooling are sourced from American steel aluminum mills such as Vista Metals in Fontana, CA. The raw materials that make up our All-Weather Floor Mats, FloorLiners, Cargo Liners and
MudFlaps are manufactured in Paulding, OH; Greenville, OH; Wichita, KS; and Jasper, TN. Our forklifts are made in Columbus, IN and Greene, NY. Our warehouse racking is manufactured in Melrose Park, IL.

At MacNeil Automotive, we are also very aware of sustainability and our responsibility to the environment. We are proactive in controlling waste and recycling all of the unused raw materials from the manufacture of our tooling and products including: aluminum, steel, rubber, TPO, TPE, paper and cardboard.

As you can see, we are as for our consumer and OEM clients as we are passionate about supporting the American economy, preserving the American industrial infrastructure, and keeping the "money" in our family, a family of 300 plus million people from all over America.

Our commitment and dedication to our customer is further exemplified by our certification to ISO 9001:2008 Quality Management Standards with the additional Automotive Qualification ISO/TS 16949:2009. This ensures our customers of the highest quality products as well as the systems necessary to continually exceed expectations in every regard.

Life is simple; be good to your fellow man, be kind to animals and the environment, and place building a quality product, supporting your country and your fellow American worker before profit. And, one last thing - let's all do our best to balance family time with work time as our children are the future of America.

Sincerely,

David MacNeil, Founder/CEO

EXTREME DUTY FLOOR PROTECTION

WeatherTech’s designers and engineers have worked tirelessly to develop the most advanced vehicle protection system available today. The WeatherTech® FloorLiner™ lines the interior carpet up the front, back and even up the sides of the vehicle’s footwell. This ultimate protection helps to provide the assurance that a vehicle will maintain the long-lasting comfort and interior appearance that an owner wants from their investment.

Each and every designed FloorLiner™ application goes through an intense series of measurements, fittings, design and mold creation before it will become available on the accessories market. Starting with 3D laser measurements of the interior surfaces, raw data of each vehicle is collected and processed. Designers utilize this data to create a 3D prototype part that is fitted into the vehicle and, if necessary, make adjustments until the fit of the product fits seamlessly to the contours of the vehicle. A mold is then machined out of aircraft grade aluminum and water cooled to maintain a consistent production quality.

The WeatherTech® FloorLiner™ provides a custom-fit solution to spills, debris, tracked in weather and more. Made from a patented multilayer material, FloorLiners™ provide a rigid core for strength that helps to retain their custom-fit shape, while offering a soft tactile top surface that feels comfortable underfoot. Specially designed channels carry fluid and debris to a lower reservoir, away from shoes and clothing. Easy to clean and easy to install. Available for cars, trucks, SUVs and minivans in black, tan and grey (cocoa available for select applications).
INTERIOR FLOOR PROTECTION

The WeatherTech® All-Weather Floor Mats have deeply sculpted channels designed to trap water, road salt, mud and sand. Our proprietary engineered odorless resin ensures that these mats will not curl, crack or harden in sub-zero weather. All-Weather Floor Mats have anti-skid ridges to prevent shifting in your vehicle, and come with a protective non-stick finish to make cleanup quick and easy.

WeatherTech® All-Weather Floor Mats are manufactured in America to meet ISO 9001 standards and FMVSS302 standards – your assurance of quality. Available for cars, trucks, SUVs and minivans in black, tan and grey (cocoa available for select applications).
ALL-WEATHER FLOOR MAT
for an ideal fit, indicated for customization by trim lines on the mat. The combination of the high quality materials and easy to use trim lines ensures the AVM® maintains the desirable attributes expected of a WeatherTech® product.

AVM® Trim-to-Fit™ Mats feature a tall outer ridge and reservoir to help trap fluids and debris from the vehicle’s flooring. The AVM® is made from an advanced thermoplastic elastomer (TPE) that is odorless, non-toxic and stays flexible in even the coldest of temperatures.

To ensure proper safety, the AVM® features the patented MatGrip® retention device, as well as molded-in nibs for a secure mat-to-floor interface. Available in black, tan or grey.

Remember – before you place your order, this is a Trim-to-Fit™ universal-type floor mat. If you wish to have a custom mat for your vehicle, please see our FloorLiner™ or All-Weather Floor Mats.
HEAVY DUTY SEMI-UNIVERSAL TRIM-TO-FIT™ MATS

AVM® HD™ are heavy-duty, semi universal, Trim-to-Fit™ designed to trap and contain debris and fluids from damaging your vehicle’s flooring. Made from thermoplastic elastomer (TPE) material, AVM® HD™ Mats are odorless, non-toxic and will stay flexible in even the coldest of temperatures. Available in black.

LEFT HAND DRIVE WITH REAR SET
CUSTOM CARGO AREA PROTECTION
WeatherTech® Cargo Liners provide complete trunk and cargo area protection. Our Cargo Liners are digitally designed to fit your vehicle and feature a raised lip to keep spills, dirt and grease off your vehicle's interior, protecting your investment from normal wear and tear.

Made from a proprietary custom blended TPE that is not only wear resistant, but also remains flexible under temperature extremes. WeatherTech® Cargo Liners feature a textured finish that helps to keep cargo from shifting. Perfect for hauling just about anything from gardening supplies to construction materials, even the family pet.

WeatherTech® Cargo Liners meet FMVSS302 standards. Available for car trunks, SUVs and minivans in black, tan and grey (cocoa available for select applications).
QUICK AND EASY BUMPER PROTECTION

Bumper Protector is a great addition to your Cargo Liner to help protect the surface of your vehicle’s bumper from dings and scratches when loading and unloading personal items or pets. Simply snap on the Bumper Protector to the pre-installed snaps on your Cargo Liner and unroll.

AVM® UNIVERSAL CARGO MAT

AVAILABLE IN BLACK, TAN AND GREY

INTERIOR PROTECTION
UNIVERSAL CARGO AREA PROTECTION

Universal Protection, WeatherTech® AVM® Cargo Mats protect your investment from normal wear and tear. Intelligent design, combined with trim lines allow for a truly custom fit. An outer ridge and inner reservoir contain and keep fluid away from the vehicle’s interior.

Made from a soft, flexible rubber compound that will not curl, crack or harden even in sub-zero temperatures. Textured finished and raised areas help prevent cargo from shifting. Perfect for hauling just about anything from gardening supplies to construction materials, even the family pet.

Our commitment to the environment and sustainable design, led to the development of our advanced rubber compound that is an OEM approved, virtually odorless material that contains no harmful PVCs, cadmium, or lead and is 100% recyclable! Available in black, tan or grey.
KEEP THE SUN AND HEAT OUT

Custom fit and perfect for any season, TechShade® can keep your vehicle cool in the summer and help prevent frost build-up in the winter. Reflective film chases the sun away in summer. Then, the reverse side absorbs the heat for those cold winter months. When not in use, TechShade® is easily removed, rolled and secured with a Hook & Loop strap. TechShade® is custom fit for each vehicle.

REVERSE SIDE SHOWN

REFLECTIVE SIDE SHOWN

TECHSHADE® STORAGE BAG
(sold separately)
CUSTOM-FIT FULL VEHICLE KITS
WeatherTech® TechShade® Full Vehicle Kits help keep your entire vehicle's interior temperatures down while protecting it from the sun's damaging effects. TechShade® Full Vehicle Kits include 4 or 6 pieces depending on the vehicle model.

TechShade® kits are custom-fit, and when properly installed, will remain snug in each window opening on the vehicle. Each TechShade® features a foam core, which makes for easy handling and a sturdy fit. After use, simply pull on the shade's pull tabs and roll all pieces together using the easy roll up and store hook & loop strap.

CUSTOM-FIT PARTS STAY PUT AND SNUG, PULL TABS FOR EASY REMOVAL
NON-SLIP COVER

AVAILABLE IN BLACK, TAN, GREY AND COCOA
SEATING PROTECTION

WeatherTech® Seat Protectors are the perfect accessory for those vehicle owners needing an extra step of protection for their bench or bucket vehicle seating. A much needed accessory for the family “road trip warriors” or pet “car ride” companions to prevent scratches, damage or spills from ruining the seat surface.

The Seat Protectors are made from a polycotton drill fabric that features a durable water-repellent finish that will combat any juice box spill, cereal crumbs or pet mess! It’s also engineered with an extra layer of nylon lining, which helps to further protect the covered seat. The Seat Protector stays in place with the help of durable straps, specialty inserts and a non-slip bottom. Semi-custom to fit the size and type of vehicle. Quick and easy installation, as well as easily removable for cleaning. The Seat Protector is machine washable, making it an easy accessory for any family.
SEAT BACK PROTECTOR

Keeping your vehicle’s seat backs clean can be just as challenging as keeping your floor spotless. Spare yourself the frustration by protecting your vehicle from those messy backseat kickboxers with the durable water-repellent and stain-resistant WeatherTech® Seat Back Protector.

Made from a strong polycotton twill fabric, the protector is the ideal first line of defense against ingrained dirt, mud, snow, spills, scuff marks and whatever else the kiddos can get their feet into. For added storage, each protector includes four pockets – two mesh pockets with an elastic top and two reinforced water-resistant pockets great for packing away snacks, toys, or games.

The Seat Back Protectors’ full coverage design features contoured corners and reinforcement panels, which help to precisely cover and protect your entire seat without bulging. When securing the protector, its easy-to-use adjustable straps and quick release clips allow for effortless install and removal.

Adding to its premium protection features, when it comes time to cleaning the mat, simply wipe a damp cloth and rub away. For more extensive cleaning, using a washing machine will not damage the product.

TRUCK BED CROSS SECTION

RAISED LIP
EASIEST TO INSTALL PICK-UP BED PROTECTION – PERIOD!

WeatherTech® TechLiner® is the easiest to install, custom-fit solution for protecting and preserving pick-up truck beds – PERIOD! TechLiner® armors your investment against scratches, dents and paint damage by seamlessly lining the truck bed and tailgate. The liner’s “soft touch” material helps to prevent cargo from shifting yet provides ease to loading/unloading.

Made from a 100% recyclable and odorless thermoplastic elastomer; TechLiner® is durable, flexible and UV resistant. Custom-fit for each application, the liner securely fits the exact contours of the truck bed. Will not crack, break or warp in even extreme temperatures.

TechLiner® can be placed underneath a rigid high-sided liner to provide additional protection against paint damage. It is also ideal for users of truck caps and transporting pets. Installation takes only minutes, without the need for drilling or use of chemical applications. TechLiner® is secured to the truck bed with the use of Velcro® discs that allow for an effortless fit and the ability to remove the liner if necessary. Additional tailgate piece available.
TRUCK BED PROTECTION

So you just purchased your shiny new pick-up truck and you intend to do some serious heavy duty hauling. Your next stop will be to outfit your new vehicle with nothing but the best accessories - WeatherTech® FloorLiners™ – check, WeatherTech® MudFlaps – check. You passed on the WeatherTech® TechLiner® because you really have your mind set on a "drop-in" bed liner for the full protection you feel you need, but wait! Introducing UnderLiner® – digitally designed to perfectly match the contours of your specific pick-up truck bed. The UnderLiner® provides added protection by creating a .065" thick semi-soft protective barrier between the rigid drop-in bed liner and the painted surface of your truck bed.
ATTRACTIVE, LOW PROFILE DESIGN PROVIDES SLEEK ADDITION TO YOUR TRUCK

The newest custom-fit solution to the WeatherTech® line of automotive accessories, perfect for any individuals looking to increase the utility of their truck bed. Easy for hauling; the Roll Up Truck Bed Cover keeps cargo away from the elements when covered and stays out of the way for oversized cargo. Featuring the AutoLatch™ II automatic dual locking system releases with one smooth downward pull; when used with a locked tailgate it provides excellent security.

Attractive, low profile design provides a sleek addition to your truck. It rises only 1", not taking away from the attractive appearance of your vehicle, but reducing aerodynamic drag and increasing gas mileage. Only taking seconds to open/close, it is easy to use for one person operation.
ROLL UP TRUCK BED COVER

EASY USE

3
SLEEK, ULTRA LOW PROFILE DESIGN
The WeatherTech® AlloyCover™ is a lightweight foldable hard truck bed cover for those looking to maximize security and durability without compromising style and aerodynamically-friendly qualities. This low-profile hard truck bed cover features an easy-to-use tri-fold design, which makes for effortless installation and removal. The AlloyCover™ also features the AutoLatch™ II latching system that when paired with a locked tailgate provides excellent security. To further protect your cargo from unwanted access or vulnerabilities, the bed cover incorporates strong aluminum panels with durable, watertight, reinforced vinyl coated hinges. Each panel is made from aluminum alloy commonly found in commercial trailers.
MOUNTS-IN-MINUTES™

The WeatherTech® No-Drill MudFlap set literally “mounts-in-minutes™” (in most applications) without the need for wheel/tire removal, and most importantly - without the need for drilling into the vehicle’s fragile painted metal surface! Contoured specifically for each application and molded from a proprietary thermoplastic resin. Featuring the patented QuickTurn™ hardened stainless steel fastening system, use of OEM hardware or supplied hardware.

The WeatherTech® No-Drill MudFlap provides protection for your vehicle’s fender and rocker panel from stone chips, slush, dirt and debris.
SLEEK, LOW PROFILE DESIGN

WeatherTech® Side Window Deflectors offer fresh air enjoyment with an original equipment look. They are crafted from the finest 3mm acrylic material available. Installed within the window channel, installation is quick and easy, without the need for exterior tape. WeatherTech® Side Window Deflectors are precision machined to perfectly fit your vehicle. These low profile window deflectors help to reduce wind noise and allow interior heat to escape. Our light tinted Side Window Deflectors are the only deflectors in the world made with a D.O.T. (U.S. Department of Transportation) approved glazing material. Available in light and dark tint.
THE SECRET

  (EDGE IS ROUNDED FOR ENTIRE LENGTH)

SIDE WINDOW DEFLECTORS
VIRTUALLY INDESTRUCTIBLE

Sleek and low profile, the WeatherTech® Easy-On® Stone & Bug Deflector is aerodynamically designed to provide excellent protection against stone chips and bug stains.

Made from aerospace-grade acrylic, it is virtually indestructible and extremely scratch resistant. Attaches easily to most SUVs, trucks, minivans or cars using either a 3M® brand automotive adhesive tape or fasteners that use existing holes in the vehicle’s hood. No drilling is required. A beautiful and protective addition to any vehicle.
STONE & BUG DEFLECTOR

AERODYNAMIC DESIGN

AVAILABLE IN DARK FINISH

STONE & BUG DEFLECTOR
CUSTOM-FIT HOOD PROTECTOR

Sleek and low profile, the WeatherTech® Hood Protector allows for ultimate utility with a polished finish. The Hood Protector is made from a durable, yet flexible acrylic that withstands the wear-and-tear that comes from even the ultimate road warrior. Custom-fit, the Hood Protector follows the hood’s contours with a wrap design that provides an aerodynamic appearance. By providing a barrier the Hood Protector helps to keep paint pristine. Quickly and easily installed with strong 3M® automotive tape without the need for drilling. Available in a dark finish.
HOOD PROTECTOR

SLEEK, STYLISH - AERODYNAMIC APPEARANCE
WIND NOISE AND AIR TURBULENCE REDUCTION

The WeatherTech® Sunroof Wind Deflector provides significant reduction of in-cabin wind noise and air turbulence. It is crafted from the finest 4mm thick, tinted cast acrylic that fits the sunroof opening precisely; held securely in place with the MagiClip™ vehicle specific fastening system. To protect your vehicle’s finish, the unique AirCushion™ gasket seals the edge of the deflector. WeatherTech® Sunroof Wind Deflector’s sleek and sophisticated look is a great addition to any vehicle.
HEADLIGHT PROTECTION

LampGard® from WeatherTech® is designed to protect your vehicle’s headlamps, turn indicators, parking lights and fog lights. LampGard® is made of a high-performance 8 mil polyurethane film that is virtually invisible and applies directly to the lamp surface. Its built-in ultraviolet inhibitors prevent the material from discoloring, and its self-healing technology delivers unsurpassed scratch resistance.

Protects your lights from scratching, pitting and staining. LampGard® is available for most vehicle makes and models and is designed to precisely fit your specific vehicle.
CLEARCOVER®

- Virtually indestructible
- Optimum protection from UV rays
- Available in 17 Colors

CLEARFRAME™

- Virtually indestructible clear license plate frame
- Optimum resistance to weathering
- Available in 17 colors

PLATEFRAME®

- Virtually indestructible
- Optimum resistance to weathering
- Low profile design

STAINLESSFRAME™

- Solid, one-piece stainless steel frame
- PlateSpacer supports plate and frame away from car body

TECHCARE® COMPLETE LINE OF AUTOMOTIVE CARE AND CLEANING PRODUCTS

WeatherTech® TechCare® is a complete line of automotive care and cleaning products. Developed with dedication to sustainability and superior care, TechCare® products are made from only the highest quality of ingredients and advanced formulas. The TechCare® line of care products provide the ultimate clean and professional finish expected of the WeatherTech® name.

READY-TO-WASH™ SYSTEM

- Heavy duty bucket
- MittSaver™ wash mitt holder
- GritGrate™ insert
- Comfy vented lid seat
- Sturdy rolling dolly
- Easy roll casters with lock
- 100% USA made!
FLOORLINER™ & FLOORMAT CLEANER
- Removes scuff marks and stains
- Lifts sand and dirt for easy removal
- Dissolves grease and oil stains

FLOORLINER™ & FLOORMAT PROTECTOR
- Helps to prevent staining
- Slip resistant finish
- Creates long-lasting, "Like New" appearance

INTERIOR DETAILER
- Spray-on, wipe away formula removes dirt & dust
- Use on virtually all non-glass interior surface
- Helps to eliminate odors

LEATHER CONDITIONER WITH ALOE VERA
- Matte Finish
- Contains Aloe Vera for moisturizing and enhancing
- Guards against UVA and UVB
- Contains spot & stain blocker

CARPET CLEANER WITH SPOTTECH™
- Stain repellent and remover
- Contains wetting agent to loosen dirt and oil stains
- Enhances anti-staining properties

INTERIOR GLASS CLEANER WITH ANTI-FOG
- Specifically for automotive interiors
- Prevents fogging from temperature variations
- Does not leave streaks or film

ACID-FREE WHEEL CLEANER
- Acid-free, biodegradable formula
- For virtually all wheel types
- Removes road grime and brake dust on contact

HEAVY DUTY WHEEL CLEANER
- Non-acid formula for virtually all wheel type
- Quickly cleans extreme brake dust and grime buildup
- Changes to a red/purple color when working

GENTLE CAR™ SHAMPOO
- Non-corrosive
- Highly concentrated
- Safe for virtually all paint finishes
- Removes bugs, tar, grease and oil

TIRE GLOSS WITH CROSS-LINK ACTION™
- Promotes Cross-Link Action™ with rubber for a stronger bond
- High gloss appearance
- Easy, spray on and walk away

WAX-PREP CLAY GEL CLEANER
- Pre-cleaner that preps surface for waxing
- Removes imbedded impurities in finish
- Provides a glossy & smooth finish

Carnauba Gel Wax
- Provides durable, high gloss finish
- Helps to remove minor blemishes
- For use on paint, chrome, or fiberglass
- Contains natural Carnauba wax

QUIKTECH™ DETAILER WITH CARNAUBA WAX
- Easy on and off application
- Enhances appearance of automotive, motorcycle, watercraft and aircraft finishes
- Contains natural Carnauba wax

EXTERIOR GLASS CLEANER WITH REPEL
- Non-streaking, ammonia-free
- Removes bugs, dirt and debris
- Adds water repellency
MICROFIBER APPLICATOR & CLOTHS
A. Microfiber Applicator Pad
B. Super White Microfiber Cleaning Cloth
C. Microfiber Finishing Cloth & Quick Detailer
D. Microfiber Waffle Weave Drying Towel

SOAKER™
- Soaks up the water to quickly dry your vehicle without streaking
- Smooth surface on one side and textured on the other for different drying style needs
- Great use for cars, trucks, motorcycles, boats, planes, animals, household chores and more
- Approximately 17" X 27"
- Does not leave lint behind
- Machine washable

WATERBLADE
- Dries your vehicle in one-third of the time
- Soft silicone blade will not scratch painted surfaces
- Flexible blade molds to the shape of the surface
- 15 times less friction than terrycloth & microfiber towels
- Hundreds of uses around home and shop

WASH MITT
- Easily lifts and traps grime
- Heavy-duty, long-wearing Lorene synthetic fibers
- Resists heat, gasoline and detergents
- Safe for all paint finishes
WeatherTech® BatteryCharger

Perfect for the ultimate car collector or every day car lover, the WeatherTech® BatteryCharger is the ultimate solution to providing a long term battery charging and maintenance solution. For use on vehicles, motorcycles, ATVs, boats, jet skis, lawn mowers, motorcycles, RVs and tractors; will keep your battery in prime condition while vehicle is not in use.

The WeatherTech® BatteryCharger uses a 4-step charging method to keep your battery in top shape for months. An intelligent system will monitor your battery’s power levels and will maintain the needed charge. Installation is easy.
INDOOR CUSTOM-FIT CAR COVER
- Long-lasting fabric memory
- Form-Fit® around vehicle’s contours
- Breathable to prevent vapors/moisture trapping
- Soft, plush interior lining
- Sewn in vehicle ID tag on front of cover, easily find the correct cover
- Designed for indoor use only
- Available in 6 colors
- 2 storage bags included

AVAILABLE COLORS
- DARK BLUE, BLACK, BRIGHT RED, CHARCOAL GREY, SILVER GREY AND HUNTER GREEN

OUTDOOR CUSTOM-FIT CAR COVER
- High performance, long-lasting material
- UV resistant, withstands harshest sun climates
- Water resistant
- Designed for outdoor use
- Available in 3 colors
- Front labeled for easy install
- Sewn in vehicle ID tag in front of cover, easily find the correct cover
- 2 storage bags included

AVAILABLE COLORS
- PACIFIC BLUE, CADET GREY, AND TOAST

OUTDOORMAT™

PERFECT FOR ANY DOORWAY!

An outdoor mat is never JUST an outdoor mat when it is designed, engineered and manufactured by WeatherTech®. We took the same technology that we use for our precision engineered automotive accessories and developed a premium OutdoorMat™ to fit the needs of busy doorways.

Made from 100% recyclable resin, the WeatherTech® OutdoorMat™ features a specially designed scraper edge combined with semi-rigid cones to remove debris from shoes. Perimeter vents surround the edges to allow liquids to drain from the mat with ease. Its robust design enables the OutdoorMat™ to stay-put and lay-flat. The attractive appearance of the WeatherTech® OutdoorMat™ makes it the perfect and exceptionally functional accessory for any doorway - from a busy business to a household of outdoor lovers, it will stand the test!

AVAILABLE IN 3 SIZES AND 4 DIFFERENT COLORS

24" X 39"  30" X 48"  30" X 60"

• Made in USA from a 100% recyclable resin
• Specially designed scraper edge and scraper cones to remove debris
• Robust design lays-flat and stays-put
• Perimeter vents to allow drainage
AVAILABLE IN BLACK, TAN, GREY AND BROWN
KEEPING YOUR FLOOR CLEAN!

With comfort and protection in mind, the WeatherTech® IndoorMat™ was designed to fit the needs of any doorway. Place the mat in the entrance of the family mudroom to conquer soccer cleats and rain boots; front door to collect visitor’s leaf crunching debris; or business lobby to catch the leftovers of customer’s walking through puddles. Developed from the same digital technology that WeatherTech® is known for, the IndoorMat™ entry mat is made from a 100% recyclable resin.

It features a fully wrapped raised lip perimeter to contain any fluid, dirt, etc. to protect your floor from tracked-in messes. Engineered with a specially designed pattern that is comfortable to walk on, but is strong enough to hold shoes up from the bottom of the mat where dirt and fluids are retained. Easy to clean and easy to move, the WeatherTech® IndoorMat™ is the ideal mat for indoor entryways.
KEEPS MUD AWAY!

Finding an attractive solution for storing muddy, wet or snow covered shoes can often be difficult in your home. Standard door mats don’t hold any liquid, towels on the floor in the mud room just look sloppy and no one wants to step into cold, wet boots that have been tossed in the garage to dry off!

The BootTray™ is made from a strong, yet flexible TPE material that is durable for even the most rough and tumble household entry. The BootTray™ is engineered to keep mud, snow, water and dirt contained and features channels that keep the mess away from your shoes, allowing them to dry. Measuring at 16” x 36”, the BootTray™ easily holds four large pairs of boots/shoes.
Leaky pipes and household chemical spills can cause mold, mildew, and other damage to your under-sink storage area. The American Made WeatherTech® SinkMat™ is the best way to protect your cabinet interiors from costly damages. Be proactive and conquer spills and leaks before they even happen.

The WeatherTech® SinkMat™ is a waterproof mat designed to protect your expensive kitchen cabinets from spills, stains, leaky drains and garbage disposal failures. The SinkMat™ is designed with a custom raised edge that can hold up to one gallon of fluid in the event of a leak or product spill. Whether a dripping drainpipe, leaky household cleaner or any other under-sink hazard, the WeatherTech® SinkMat™ has you covered!

MEASURES 34¾" WIDE BY 22½" DEEP, FITS A STANDARD 36" WIDE CABINET

AVAILABLE IN BLACK OR TAN

SMALLER CABINETS WIDTH CAN BE TRIMMED DOWN TO 30¾" OR 28" AND DEPTH CAN BE TRIMMED DOWN TO 20¾"
EASY TO CLEAN AND DISHWASHER SAFE!

The WeatherTech® Coasters protect surfaces by fusing style with strength in the ultimate alliance against spills, scratches, watermarks and heat burns. These state of the art surface protectors feature the very same raised lip design and enviro-friendly, TPE material featured in our WeatherTech® All-Weather Floor Mats. Our engineers designed the surface of the Coasters with a textured pattern that prevents slippage and sticking while small stubs on the underside allow for airflow between the coaster and the surface. They are even self-stacking for easy and convenient storage. Unlike some coasters made overseas, the WeatherTech® Coasters are odorless! You will wonder how you ever lived without them.

WeatherTech® Coasters are available in five different sizes 4”, 6”, 8”, 10” and 12” (diameter), four stylish colors, black, tan, grey, terracotta and come in a SET OF FOUR (4). With “WeatherTech”® and “Made in USA” proudly displayed on the back of each Coaster.
HOLDS WATER AND DEBRIS!

Christmas Tree Mats are the ultimate protection against scratches from tree stands, spills from watering or potential leaks from a tree stand.

Perfect solution to any problems that can occur with the use of a tree stand and trees; the Christmas Tree Mat is a heavy-duty, high-quality mat made from the same material as the WeatherTech® Floor Mats.

A raised lip helps to collect and contain debris from a tree, while being able to contain up to a gallon of water. Pair it with a tree skirt or leave it uncovered to show an attractive green color. Use any time of the year as a play mat or underneath potted plants. Available in dark green, cocoa and terracotta.

PROTECTS FROM WATER DAMAGE

35" DIAMETER
EASILY ASSEMBLED BY HAND!

Available in 2 tile styles, 2 tile sizes, and 5 border components to allow fast wall-to-wall installation without the need to cut or trim.

Easily assembled and disassembled by hand using a snap together loop & tab system. No professional installation or special tools required!

Tiles are available in a variety of colors, borders available only in black. Use a single color or create custom patterns by using multiple color and border options.

MULTI-USE

Designed to withstand the daily wear and tear of virtually any floor:

- Garage • Laundry Room • Shop • Basement • Mud Room
- Workout Room • Play Area • Trade Show Flooring

**PREMIUM WITH TRACTION SQUARES™**

The first modular floor tiles to offer two distinctly different materials molded into one tile. Our revolutionary manufacturing process offers an extremely rugged and low profile polypropylene plastic tile with non-slip thermoplastic elastomer TractionSquares™. A soft touch underside offers incredible grip to virtually any floor.

**SOLID WITH RAISED SQUARES**

A solid polypropylene tile that features raised squares for traction and style. Combine with Premium with TractionSquares™ for unlimited styling options.

ADDITIONAL EXTENSION KIT AND FENCING PIECES AVAILABLE
FINALLY! An innovative American-made universal Pet Barrier has arrived. We struggled to find a universal Pet Barrier that not only met the needs of the discerning pet owner, but met the varying needs of the car owner of today - especially one manufactured in America. We couldn’t find one, so we developed our own!

Whether you drive a car, SUV or minivan, the engineers of WeatherTech® developed a Pet Barrier using strong yet lightweight polymers and alloys to reduce weight, improve ease of installation and removal, while offering security for your pet and peace of mind for your travels.

**PET BARRIER PACKAGE**

**PET BARRIER STORAGE BAG** (sold separately)

Min Height: 30"  Max Height: 46"

3½" between bars

QUICKLY CHANGE HEIGHT, UP TO 14", IN ONE MOVE

Min Width: 39"  Max Width: 66"
HIGH-TRACTION FOLDABLE PET RAMP
The WeatherTech® PetRamp™ was designed for the comfort of our furry friends and their handlers. The portable PetRamp™ features a non-slip surface providing dogs, cats and pets of all sizes easy access to SUVs, minivans, trucks and hard to reach household spaces. Easily folds for storage and carrying.

SPECIFICATIONS:
PetRamp™ measures 67 inches unfolded, 33.5 inches folded and 15 inches wide. PetRamp™ weighs only 13.6 lbs. and supports up to 200 lbs.
**UNLIMITED USES**

The CargoTech® system integrates with the WeatherTech® Cargo Liner, standard carpeted surface of a car trunk, or SUV cargo area. Aids in securing large or unusually shaped items, such as grocery bags or plants. Molded from two different materials, the WeatherTech® CargoTech® system couples a durable plastic “fence” with a super-grippy underside to ensure goods remain stable. Sold as a set-of-four.
EXPAND YOUR CARGO AREA  
BY 13 CUBIC FEET

The 100% American Made WeatherTech® RackSack® expands your cargo carrying capacity by a whopping 13 cubic feet, measuring in at 39” long, 32” wide and 18” tall. Designed using a tear resistant, heavy-duty 1000 denier nylon material sourced from U.S. mills; featuring a custom PVC inner coating to keep your inside items protected from water. An industrial strength zipper with a flap over design, heavy-duty stitching, and sealed seams aide in keeping your cargo dry.

A water repellent coating was added to the fabric to help the outside of the carrier in those rainy day conditions. To keep your cargo carrier protected in all different weather, the WeatherTech® RackSack® even has UV inhibitors added to the fabric to help protect and improve fade resistance.
CUP HOLDER PROTECTION

Keep your cup holders spotless with our WeatherTech® CarCoasters™. These cutting-edge cup holder protectors are made with the same enviro-friendly TPE material used in our All-Weather Floor Mats. Just like our FloorLiners, these coasters feature a deep cup design with added sidewall protection that cover the bottom and sides of your cup holder.

Produced with a unique textured and ribbed pattern that ensures your drink will never get stuck allowing your beverage to perspire, while raising it away from the mess. Molded, specialized finger handles make removal and cleaning a breeze.
GIFT BAG

Make the perfect gift even better with this worry-free wrapping, a gift bag exclusively made to fit around the WeatherTech® FloorLiner™ boxes.

Made from high quality materials, it is reusable for unlimited other uses. Available in red and black.

STARBELT® COLLECTION CLOTHING

BELTS

StarBelt® is a trendy yet practical belt that comes in 14 different colors that matches any outfit, activity or mood! It is one size fits most and you trim it to fit your size, making it perfect for girls, guys and kids of all ages.

StarBelt® is made in U.S.A of a durable and waterproof material.
